## WHOLE MARKET CLOSES STRONG

Calumet & Hecla Reaches \$1,000 Mark—Anaconda Again Strong—Old Dominion Held Firm Above \$60.

(By I. N. Kinsey)

GLOBE, February 15.—There was a decided upturn in prices this morning, after the selling pressure of yesterday afternoon. North Butte directors met and declared regular quarterly \$2 dividend. The dividend seemed to be a disappointing one and stock sold down quite freely to \$112.50 in face of strength all through the rest of the list. Calumet & Hecla was a redeeming feature of the copper market this morning, selling at a new high record of \$1,000 per share. Lake people are talking of a \$30 quarterly dividend at the next meeting. Anaconda was a leader today, selling at above \$300. It is believed by many that it will sell thirty to forty points higher. Quincy and Tamarack showed little life. The copper market looks good at the present time and believe the better class of coppers can be bought safely.

Cole-Ryan directors of Greene Consolidated are now in full control and met this afternoon and declared a regular 4 per cent dividend, or forty cents per share. Last year five dividends were declared on Greene on the following dates: February 28, April 30, June 30, September 15 and November 30.

Paine, Webber & Co. say: "Bright, Sears & Co. and Grannis & Lawrence bought about two thousand shares Raven at \$1.75 to \$1.87 and are still taking all in sight. Nipissing still feature of the curb. Jackson and Curtis continue to buy. Wrenn Brothers, Paine, Webber, and Hayden, Stone principal sellers."

Logan & Bryan say of the New York market: "Americans in London steady rather above parity. Colorado Southern declared initial 2 per cent dividend. Light demand for stocks in the loan crowd. On present indications, Steel common will probably go on 4 per cent basis at end of April. The market closed strong, showing general improvement all along the line, notwithstanding call money rates ruled between 5 and 6 per cent. Anaconda, St. Louis Southwestern preferred and Steel common were features for strength, although the entire market seemed to be in excellent shape. Character of trading looks still highly professional, but at the same time there is a little commission house business with clients inclined to take buying side on moderate reactions. Think this is a proper method to pursue for the time being. Standard Oil directors declared dividend of \$15 quarterly, which compares with same amount in corresponding quarter last year and \$10 three months ago."
